

Boycott Dr. Pepper Products

On May 22, 2018, over 150 Teamsters Local 727 Drivers employed by the American Bottling Company, a subsidiary of Dr. Pepper Snapple Group Inc., went out on strike over Unfair Labor Practices committed by the American Bottling Company.

These Drivers work tirelessly in the freezing cold during Chicago winters and the hot heat of Chicago Summers to deliver soda throughout the Chicagoland area.

We kindly ask that you support the Teamster-represented Drivers and their fight for fair and lawful treatment by standing up to this Soda Giant and corporate bully by boycotting products made and distributed by the American Bottling Company and its parent organization, Dr. Pepper Snapple Group Inc. A list of some of the company's most popular product lines and brands is included below.

Avoid these brands and products:
