

Exclusive New Healthcare Benefit just for Teamsters Health Plan Members

Due to a new partnership with Athletico, Teamsters 727 Health Plan members will incur NO out-of-pocket expenses* (co-insurance or deductibles) when receiving physical therapy at an Athletico clinic.

If you are experiencing pain or injury, we can help without the need for drugs, MRIs, or surgeries! Did we mention, no co-insurance or deductibles will be taken?

Physical therapy is one of the best healthcare choices you can make to treat pain at its source. Our experts are here to assess your pain or injury and provide recommendations for next steps in the recovery process.

Initiating care with a physical therapist early on has been shown to decrease healthcare costs and minimize the need for surgery or extensive imaging including X-rays, MRIs and CT scans, as well as medication like opioids.

Our team is committed to helping you overcome pain and injuries so you can return to day-to-day work and recreational activities and remain at your optimal health without further risk of injury.

Don't wait to feel better. Request your appointment today by calling 877-ATHLETICO (284-5384)
